***Election/Restrictions***

Claims 29-34,37-45,47,56,60 and 65 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 11-22-2004.

Claims 56,60 and 65 were added to the withdrawn list because the subject matter claimed therein, a partially open opening, is not part of the embodiment of fig. 9A.

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 50,52-55,57-59,61-64,66 and 67 are rejected under 35 U.S.C. 102(b) as being anticipated by McGuckin-5868760.

McGuckin discloses an elongate member internal forceps 202 with an opening between jaws 204 which could receive a suture; and an outer hollow body 16 having a lumen for receiving the forceps and two jaws 22,24, one of which is movable relative to the other one. The internal forceps are biased into an opened configuration.

***Allowable Subject Matter***

Claim 48 is allowed.

Art Unit: 3731

Claim 51 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Response to Arguments***

Applicant's arguments of 0-5-04-2005 with respect to the rejected claims have been considered but are moot in view of the new ground(s) of rejection.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
